

# COVER LETTER

My name is Harshit Joshi and I am very excited to apply for the Webmaster's Assistant position at Kennesaw State University.

Website making and the field of User Interface Design has always fascinated me. During my high school I created a website <http://gamestation023.wixsite.com/gamestation> using the Wix Content Management System to bring my ideas to reality. I am currently a Computer Science Major and I believe that I would be a great fit for this position as my course work and interests are aligned with the responsibilities of the job.

I look forward to hearing back from you.

Thanks  
Harshit Joshi
